

CERTIFIED CENTRAL VACUUMS INC.

AN INNOVATIVE SPACE CONSERVATIVE WAY TO A CLEANER CONDO

CONDOMINIUM LIVING IS RAPIDLY BECOMING THE CHOICE OF LIFESTYLE FOR MANY WALKS OF LIFE at many stages of life.

Certified Central Vacuums President, Elaine Coates of Calgary, recognized that need through nearly ten years experience in the central vacuum industry and has found a way to provide the uniqueness of condo living with an equally unique product. INTRODUCING the CUBBY VAC central vacuum system that will ease your living requirements and enhance not only the quality of your lifestyle, but also the quality of your 'living air' and environment by cleaning your home more thoroughly and efficiently.

The CUBBY VAC and its smaller partner, the Vac Magic systems can be recessed in either a wall space or surface mounted in closets or cabinets. They are extremely versatile products to fit everyone's lifestyle and more importantly, everyone's budget. Cubby Vac system has the ability to clean a 2,000 square foot condo with the touch of one button.

“Cubby Vac requires NO central vacuum piping and consumes no space in your condo ... quieter than a regular vacuum cleaner,” says Coates, “...and has a much more powerful motor to clean your home better.”

**No Noise, No Pipe, No Dust,
Cleaner than Clean**

“The powerful motor, and WOW, the one-touch button retractable vacuum hose – makes vacuuming and cleaning your floors and furniture a snap.” says Ms. Coates. Every tool required to clean all types' of surfaces in your home are fully self-contained in the unit itself. Imagine, no more running all over your home looking for your bare floor brush! It is all at your fingertips. “Vacuuming doesn't get any easier than that,” replies Lisa, a Certified Central Vacuum client. One of the best features too is that either Cubby Vac or Vac Magic can be installed after you move in or before possession; the choice is yours!
